

Rolin Bale Accumulator

The **NEW** Redesigned Bale Accumulator

- The New Round Bale Accumulator is powered by the tractor hydraulic system.
- The electric box controls with 2 lights and an unloading switch.
- It has 4 - 11L x 15 tires on a walking tandem.
- It gathers 3 - 72" bales on the trailer plus one in the baler.
- **Save time and money** by bunching up the bales, all in one place on the field.
- It makes for easy pickup and hauling the bales.
